PREMIUM VINYL WINDOWS

INSPIRATION GUIDE

IMPRESSIVE INSIDE & OUT

MULLED CASEMENT AND PICTURE WINDOWS

Black exterior finish with Black hardware

Impressive Inside & Out

Simonton® Windows and Doors present a fresh perspective on your home—and all the moments that matter most to you.

Our commitment to quality begins with manufacturing: Our premium vinyl products are proudly crafted in the USA to deliver decades of efficient thermal performance—plus long-lasting durability and effortless ease of use no other material or manufacturer can match.

Every day, we design award-winning windows and doors to satisfy a simple purpose: to brighten and beautify your home and to enhance your comfort and peace of mind for generations to come.

SLIDER AND PICTURE WINDOWS
Black interior laminate finish

 **SIMONTON
DESIGN TIP:**

Combine Slider and Picture windows to create a dramatic, open aesthetic. Clean vertical lines help frame and spotlight your surroundings.

Enjoy the View.

Reframe the way you look at your home with Simonton DaylightMax™ windows. The unique narrow-frame design provides up to 40% more natural sunlight, with the largest glass viewing area of any vinyl replacement window. DaylightMax is designed specifically for homes in the western United States, delivering maximum energy efficiency and outperforming ENERGY STAR® standards to help reduce your heating and cooling costs all year long.

At Simonton, we strive to exceed your expectations. Our DaylightMax Collection windows are designed with your home and your needs in mind.

IMPACTFUL STYLE

Brighten and beautify your home—inside and out. Explore a wide range of colors, configurations and finishes to complement any architectural or interior design style.

EXCEPTIONAL QUALITY

Simonton DaylightMax windows feature fusion-welded construction with multi-chambered frames to provide weathertight protection from the elements that will last for generations to come.

TRUSTED EXPERTISE

Simonton is a proud member of Cornerstone Building Brands, the #1 manufacturer of windows in North America. Our products have been trusted for generations, with an average customer rating of 94% earned over our 75-year history.

SUPERIOR SAFETY & SECURITY

The safety of your home and your family is our highest priority. Simonton DaylightMax windows have been rigorously tested to ensure exceptional resistance to forced or unwanted entry and are designed to guard against wind, rain and sun damage.

40% MORE DAYLIGHT

Narrow-frame design and larger glass viewing area provide up to 40% more daylight than wide-frame windows. Exact percentage depends on style and dimensions selected.

COMPREHENSIVE WARRANTY

We stand behind the quality and craftsmanship of our windows and proudly offer a robust warranty covering our vinyl, hardware, screens and glass units for your total peace of mind.

ENERGY EFFICIENCY

The DaylightMax Collection outperforms ENERGY STAR standards, offering superior thermal performance to maximize the interior comfort of your home.

AAMA GOLD LABEL CERTIFIED

The DaylightMax Collection has earned the AAMA Gold Label, signifying best-in-class durability, weather resistance and energy efficiency. Learn more at simonton.com/aama-gold

This product is only available in Arizona, California, Colorado, Idaho, Nevada, New Mexico, Oregon, Texas, Utah, Washington, Alaska and Hawaii.

SLIDER AND PICTURE WINDOWS
White vinyl with Bronze hardware

Maximum Daylight. Maximum Comfort. Maximum Efficiency.

1. MAXIMUM DAYLIGHT

Larger glass viewing area provides up to 40% more daylight than wide-frame windows.

2. LOW-PROFILE FRAME

Narrow vinyl frame and interlock provide superior performance and a sophisticated streamlined design.

3. DURABLE CONSTRUCTION

Fusion-welded, one-piece frame provides unmatched durability, longevity and performance.

4. BUILT FOR LONGEVITY

Integrated pull rails (IPR) deliver accessible, dependable performance. IPR screen design allows you to handle the screen anywhere along the edge and won't break off like pull tabs can.

5. CUSTOM FIT

Custom sizes ensure a perfect fit for virtually any application around your home.

6. SUPERIOR SEAL

Advanced weatherstripping helps eliminate drafts and dirt. While exterior weep holes are covered by small baffles, providing superior protection against insect intrusion, wind and rain infiltration.

7. ESSENTIAL ENERGY EFFICIENCY

Double-strength insulating glass unit with ProSolar® Low-E Glass, Argon gas and Intercept® spacer system helps keep your home comfortable and save energy.

Steps to Select Your Perfect Window

Understanding the architectural identity of your home is key to making authentic window selections. Every detail—size, shape, color, grille pattern and profile—is an opportunity to complement and enhance the interior and exterior design elements that make your home uniquely your own.

01

EXPLORE WINDOW OPERATING STYLES

Choose from a variety of window shapes and operating styles to complement your home, inside and out.

02

SELECT YOUR DESIGN OPTIONS

Explore a wide range of interior and exterior colors and hardware options.

03

LEARN ABOUT YOUR GLASS OPTIONS

Glass impacts your interior comfort and energy costs, as well as security, acoustics, privacy and more.

04

CHOOSE YOUR GRILLE PROFILE & FRAME

Traditional or contemporary, the right grille profile and pattern can enhance the authenticity and aesthetic of your home.

Explore Window Operating Styles

Consider your home's architectural and interior design when selecting a window style. Choose from a variety of shapes and unique operating styles that will complement your home inside and out while delivering dependable functionality and performance.

SINGLE HUNG

Single Hung windows provide a timeless and classical aesthetic. The bottom sash slides vertically and tilts in for easy cleaning from inside the home.

SINGLE SLIDER

Single Sliders have one operable sash that glides horizontally to the left or right for increased ventilation.

END VENT SLIDER

3-lite Sliders have a fixed center window with operable end vents, delivering an expanded opening that allows for more daylight and better air flow.

PICTURE

Picture windows offer an expansive, unhindered view. Because they are fixed in place with no moveable sash, they deliver superior weather resistance.

SPECIALTY SHAPES

Available in a variety of circular, arched and linear designs, Specialty Shape windows provide a unique, custom look that complements both contemporary and traditional homes.

OPERABLE SPECIALTY SHAPES

Available in a variety of arched and linear designs, Operable Specialty Shape windows provide a unique, custom look that highlights both contemporary and traditional homes.

NEED INSPIRATION?

Scan to see these window styles in our photo gallery.

"I love my windows! I immediately noticed the temperature of my home regulate once we installed the new windows. They look beautiful from the inside and outside."

Washington Homeowner

CASEMENT

Casements offer maximum ventilation and are the most energy-efficient windows available. The crank-operated hinged sash opens easily outward and can be cleaned from inside when fully opened.

BAY

Bay windows add interior and exterior dimension to your home. Available in 30° or 45° angles, they can create a special nook or add a dramatic accent to any room.

BOW

Bow windows add unique style to your home, with a more rounded, circular appearance than a Bay. The panes are mullled at 10° angles and available in 3-, 4- or 5-unit configurations.

AWNING

Awning windows are hinged at the top and open outward. Turn the crank handle and enjoy fresh air, even when it's raining.

GARDEN

Available in two unique styles, Garden windows bring the outdoors in. Their unique dimensionality makes them ideal for showcasing collectibles and plants while the side windows open for added ventilation.

MULLED WINDOWS

Select DaylightMax Collection windows can be mullled together into a single unit. A mullied window combines matching or contrasting window styles to create a single weathertight unit that provides a truly custom aesthetic and allows more natural light into your home.

02

Select Your Design Options

Bring your vision to life with a wide range of custom exterior colors, the sophistication of a black interior finish and hardware options designed to match colors and metal finishes unique to your home.

Select from these options to customize your ideal window:

VINYL INTERIOR & EXTERIOR COLORS

The image shows two overlapping window frame profiles against a light blue background. The top profile is white and the bottom profile is tan. Both profiles have a multi-paneled design with a beveled inner edge.

SIMONTON SAFETY TIP:

AutoSense low-profile locks automatically activate when the window is closed to give you peace of mind that your windows are locked.

03

Learn About Your Glass Options

Simonton DaylightMax windows deliver outstanding energy efficiency and thermal performance, helping to reduce your heating and cooling costs all year long. Additional glass options are available to enhance security, acoustics, privacy and fade protection.

ENERGY SAVINGS & INTERIOR COMFORT

Thicker, double-strength ProSolar Low-E Glass helps deflect external heat, blocking damaging UV rays and exterior sound while letting desirable light stream in. You'll not only notice a difference in the year-round comfort of your home—you'll enjoy lower energy costs month after month, year after year.

- ✓ Standard **ProSolar® Low-E Glass** helps keep warm air in during the winter months. In summer, it helps deflect external heat and retains cooled air.

- ⊕ **ProSolar® Shade Low-E Glass** offers superior solar control and insulating performance, making it ideal for warmer climates with more intensive interior cooling needs.

- ⊕ **ProSolar® Sun Low-E Glass** lets in the sun's warming rays while blocking external heat loss, helping to keep homes warm in cooler climates that require more energy to heat.

- ⊕ **ProSolar® Shade Plus Low-E Glass** offers exceptional solar control and insulating performance, making it ideal for warmer climates with more intensive interior cooling needs that also reduces heat loss in cooler months. Lightly tinted design allows visible light inside while reducing glare.

✓ **DOUBLE-STRENGTH GLASS**

Thick, double-strength glass is break resistant and offers increased sound control.

✓ **GAS FILL**

Argon gas (six times denser than air) is sealed between the glass panes to increase insulation and reduce energy loss.

⊕ **SOUND-ABATEMENT GLASS**

If you live in a noisy area, ask about specialty glass designed to reduce unwanted noise infiltration.

SPACER SYSTEMS

Glass panes are separated by a spacer system that helps seal in functional gases and create an airtight seal.

- ✓ The standard **Intercept®** spacer system helps keep glass warm and expands and contracts for reduced seal failure.
- ⊕ The **Supercept™** spacer system utilizes a stainless steel alloy that offers increased durability and thermal efficiency.
- ⊕ The non-metallic foam **Super Spacer®** is non-conductive and reduces energy transference and unwanted noise.

"These windows and doors have already shown that they have completely silenced the road noise outside. We live on a busy street and it is now very quiet."

California Homeowner

Choose Your Grille Profile & Frame

Simonton grille profiles and patterns enhance curb appeal and elevate the overall design of your windows and patio doors. From traditional to contemporary to craftsman home styles, we provide architecturally authentic selections to match any aesthetic

GRILLE PATTERNS*

Grille patterns can be customized to complement any home.

COLONIAL

Iconic style of Colonial, Cape Cod, Farmhouse or Victorian homes in multiple lite patterns.

PERIMETER & DOUBLE PERIMETER

Border pattern offering an open view for Prairie, Farmhouse and contemporary homes. Available Double Perimeter pattern works best for larger windows.

VICTORIAN

Ideal for Victorian and Queen Anne architecture, also Craftsman and Farmhouse homes.

QUEEN ANNE & DOUBLE QUEEN ANNE

Pattern borders each sash in multiple lite windows for Prairie, Craftsman and modern design. Available Double Prairie pattern works best for larger windows.

CUSTOM

Create a custom linear pattern to match your home's unique style. Subject to approval and additional cost.

NO GRILLE PATTERN

Provides an unobstructed view and works well with all home styles.

*Other patterns available by request.

FRAME OPTIONS

Select from one of three decorative stucco trim frames or ask your installer what custom trim options they offer with our block and nail fin frames.

BULLNOSE FRAME

Not available on Casement and Awning windows.
